SUMMARY:

Passionate MERN Stack Developer with a focus on building scalable backend systems and intuitive user interfaces.

TECHNICAL SKILLS:

- **Frontend** - JavaScript , React.js
- **Backend** - Node.js , Express.js
- **Database** - MongoDB
- **Other** - C/C++ , Python

EXPERIENCE:

Web Developer Intern - CodSoft | July 2023 - August 2023

- Successfully completed three distinct projects as per specified requirements.
- These projects contributed to the enhancement of my technical proficiency and problem solving skills.
- Applied my HTML, CSS and JavaScript knowledge to successfully execute the projects, showcasing the solid understanding of front-end technologies.

PROJECTS:

[\[Link\]](#) **AI Chatbot - Python project**

Tech Stack: Python

- Developed an informative Chatbot specialized in various types of crimes. Took a hands on approach by creating relevant dataset to train the model, showcasing the understanding of python programming and utilizing the chatterbot library for effective model training.

[\[Link\]](#) **Insights API**

Tech Stack: Node.js, Express.js, MongoDB

- Developed this Api project using Node.js, Express.js and MongoDB gaining in-depth knowledge of these technologies. Formulated and implemented a schema for efficient JSON data storage, acquiring hands-on experience in database design. Successfully crafted a REST-API, specializing in handling diverse get requests for different endpoints. This project served as a valuable learning experience providing a comprehensive understanding of backend development, API design and effective data retrieval.

[\[Link\]](#) **Ecommerce GraphQL Api**

Tech Stack: Node.js, Express.js, MongoDB

- Engineering a GraphQL API utilizing Node.js, Express.js and MongoDB for an inventory management system. Designed a comprehensive schema for Buyers, Orders, Products and Variants, establishing seamless connection between them. Proficiently implemented functionality to handle various types of requests through the GraphQL API, showcasing expertise in backend development and database management.

[\[Link\]](#) **Personal Portfolio**

Tech Stack: React.js

- Currently engaged in development of personal portfolio using React.js. Actively Learning React.js by undertaking the creation of my first project in the framework. This hands-on experience serves as foundational step in acquiring proficiency in React.js and contribute to the ongoing development of my web development skills

EDUCATION:

Jaypee University of Information Technology, Solan Himachal Pradesh.

Bachelor's Degree in Computer Science Engineering | September 2021 - present
